

ITEMIZATION OF EXPENDITURES

A.R.S. Section 16-948 (C)

The Citizens Clean Elections Act ("Act") requires participating candidates to identify on their campaign finance reports the full name and street address of the person providing goods and services to the campaign, the nature of the goods and services and the compensation for which the payment has been made. A.R.S. § 16-948 (C).

It is common for committees to engage consultants or other vendors who provide full services and to then pay a lump sum to the consultant who then pays the subvendors. However, reports still must identify subvendors, the goods and services obtained, and the cost. This ensures compliance with the Act's requirements that all Clean Elections funds are used only for direct campaign purposes and that the candidate does not receive any in-kind contributions.

Example:

Jerrod Smith is running for Senate and hires Adam's Consulting as his campaign consultant. Adam's Consulting coordinates the production of a campaign mailer.
